BOILER SERIES OFFERED JOINTLY BY ILCC AND NCC

Northwest Iowa Community College, Sheldon, IA, and Iowa Lakes Community College, Estherville, IA, are offering a series of Boiler classes in Spencer, IA. *Boiler Basics* (Section #4268) will be offered Tuesday, September 12. This class will include a complete review of boiler types, construction, and applications. Steam and hot water boilers, boiler room equipment, and trim and controls will be discussed. *Boiler Operations* (Section #4269) will be offered Tuesday and Wednesday, September 19 & 20. This class includes more detailed instruction on the operation of boilers and boiler room equipment, including controls and functions, system operations, chemical treatment, and safety. *Improving Boiler & System Efficiency* completes the series on Tuesday, September 26. All classes are scheduled from 6 – 9 p.m. and will be held at the Spencer campus of Iowa Lakes Community College.

For more information about these classes or to register, call the Northwest Iowa Community College Continuing Education office at 712-324-5061 or toll free at 800-352-4907. Please be prepared to give your name, social security number, address, telephone number and section number when registering.
